

Governance & Organisation

The Foundation

The Bangkok Patana School Foundation (BPSF) was established in 1988 with the purpose of being a juristic entity to own all the school land and other assets.

The Foundation entered into an agreement with the Department of Technical and Economic Cooperation (DTEC, now TICA), of the Ministry of Foreign Affairs, to be responsible for the administration of the school and its liabilities up until March 2010. At this point the authority to manage the school was transferred to the BPSF.

Bangkok Patana School is overseen by the Foundation Board comprising up to 16 members and its appointed officers. The appointed officers of the BPSF include the Chairman, the Vice Chairperson, the Secretary and the Treasurer.

The registered objectives of the charitable BPSF are to promote children and youth education, sport and cultural exchange, to contribute to the disadvantaged and general public through activities and to coordinate with other organisations which have similar objectives.
